

SETTING UP THE APPLICATION ENVIRONMENT

CREATE IBM CLOUD ACCOUNT

DATE	12 November 2022
TEAM ID	PNT2022TMID05414
PROJECT NAME	Inventory Management System for Retailers

Create IBM Cloud Account:

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links to 'Catalog', 'Manage', and 'Akaash V's Account'. Below this, the 'Dashboard' section is visible, featuring a 'For you' section with several cards: 'Build', 'Create an OpenShift cluster', 'Explore IBM Cloud Shell', 'Get Started with the CLI', 'Create a Kubernetes cluster', 'An essential guide to Kubernetes', and 'Create an app for'. Each card includes a brief description and a 'Getting started' or 'Recommended' button. To the right of these cards is a 'Select an option' dropdown. Below the 'For you' section, there are four more sections: 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'. The 'News' section lists several articles. The 'Recent support cases' section shows a summary of support cases. The 'Planned maintenance' section displays a 'Clear skies!' message. The 'IBM Cloud status' section shows a world map with a green checkmark and the text 'No issues'.
